Black and white cat is stuck in my backyard apple tree on 3300 block of G St. Eureka. I don't see a collar but it definitely looks like a clean, healthy cared-for cat. It's been up there over 12 hours now. My dog was barking at it last night and I thought it would come down on its own last night but it's still there so I'm worried it's stuck. I called animal control to let them know.
