Blue nose pittie, ?60-65lbs, intact male, white line from eyes to tip of nose, maybe 1yr old. Found running into the street in front of 2082 Quaker St in Myrtle town around 6:10p. Fri. Very friendly and playful, sits on command. A neighbor leashed him and then called Animal Control, who have not responded as of 6:40pm, Fri, 9/5. Do you know this dog? I believe he lives in this neighborhood because he looks familiar. Text 707-843-8124 if you know where he belongs.
