Phone: 847-772-9223

Email: Jnnyj16@yahoo.com

Our kitty has been becoming more adventurous. She likes to explore more and more during the day but always comes home by night time. Three nights ago was the first time she didn't come home. And now she's been missing for several days. We're worried she's been hurt or picked up by someone else. If you may have seen her or thought she was lost and took her home please contact us. We miss her very much. Her 2nd birthday is coming up she will be 2 on September 27th. Please call or text Jenny (847) 772 - 9223 or Chris (707) 502 -5840
