She's a long haired kitty with yellow eyes.. Smoke colored.. Grey with some brown. She was wearing a grey flea collar when she went missing. She was brought from our home in Arcata to our farm in Willow Creek, where she showed up last year. She's been missing for about 3 weeks. We thought maybe she went to stay in the cabin she had been living under. But no one has seen her. Hoping she's with neighbors or somewhere safe.
