Rosie is our treasured family member, she is an 11 year old Corgi who wandered off while we were pulled over in Laytonville. It is unlike her to leave us, she usually stays at our heels or closer. She needs her medication and is on a specific diet due to skin allergies. Someone took her from outside Fosters Market in Laytonville Tuesday July 28th at 2:30 pm (we have security photos) and then lost her soon after at Harwood Park. We don't know her whereabouts since then. PLEASE HELP if you have any information to get her home to her loving family.
