Please help us find our sweet boy. He is VERY shy and would not come to someone. If you see him please call me and I will come get him. Don't chase him. He is so skittish with strangers. He is not super outgoing due to being so shy. We just moved almost 2 months ago. Ty has been coming in for the night every single night. He didn't come in Monday night and it's been 48 hours and he still is not home. There is a giant field with some houses behind us which is where he goes during the day. He always comes back, even on 4th of July, so I don't know if he got stuck somewhere or spooked and is too far from home.
