A year ago August 11th I was moving to Redway and she got out of her carrier about 2 steps from the front door and I haven't seen her since. This is the 3rd or 4th time I have put her here on Paws Cause now. I have her 5 brothers. She is small for her age and has 2 orange stripes on her tail and what looks like a bleach stain on her upper oart of her left ear
