Name: Fuzzy

Color: Tabby and white

Sex: Male

Last seen: Friday, Sept. 18

Last seen: EurekaHodgson and S st

Contact: Nicole

Phone: 707-382-9830

'Hello I need help, my cat has been missing since later Friday (sept 18th) night. His name is fuzzy, he usually wanders around the neighborhood a bit but always comes home and hasn't even when we are out searching for him. He's missing from around the Hodgson and S st corner, near sequoia park duck pond and that general neighborhood. He's incredibly sweet and docile and I'm devastated that he hasn't came home. Other descriptors: he's a neutered male, year and a half old, has a blue tattoo in his inner ear from when he got neutered, and under his chin is white however there's a distinctive mark of yellow/brown fur that almost looks like a crescent moon stain. Contact 707 382 9830 Thank you so
