

FOUND CAT

Is this your cat?

COLOR	Brown and black tabby
AGE	Looks young
FOUND	Monday, October 12
FOUND AT	2903 Saint Louis Road, Arcata

Found wandering in the parking lot of Hinarr Hu Moulik Humboldt student housing. Male I think but I didn't get a super clear look. Buff and black tabby with broad stripes and green eyes. I saw him almost get hit by a car and he came up to me crying and seemed distressed so I don't think he's an outdoor cat. He let me pick him up and put him in a carrier no problem. He's fairly small and I think a pretty young adult. No collar. I checked with a vet and no chip. Very healthy and well cared for, he seems like someone's indoor cat that got out. We unfortunately can't house him to look for his owner but didn't want to leave him outside overnight so an APD officer brought him to the shelter.
