Hey everyone- putting an APV for a lost dog (our family's dog). Last seen on the night of Saturday, October 17, 2026 (discovered missing the morning of Sunday, October 18, 2026). Her name is Inda/Inda May, and she is 14 years old and senile. The last time we saw her was Saturday night, October 17, 2026. Found her to be missing the following morning on Sunday, October 18, 2026. She's deaf and we believe partially blind. She is a pit bull, sandy blonde, very friendly and docile. She is not chipped nor does not have tags/collar. We live on the very south end of Benbow Dr. near the exit before Legend of Bigfoot. My number is 707-223-3329.
