HUMBOLDT Paws Cause

LOST CAT

Have you seen Moony?

NAME	Moony
COLOR	Black
SEX, AGE	Male, 13
LAST SEEN	Wednesday, November 4
WHERE	1332 Chaparral Avenue, McKinleyville

Never missed his evening dinner treat until tonight. Usually sticks pretty close to home in our quiet neighborhood. Wondering if he got stuck in someone's garage or perhaps convinced someone that he was starving? He's a sweet, curious cat. Smaller in stature. Short blackish/brown coat with a little benign growth on his cheek.
