LOST CAT

Have you seen Luffy (Loo-fy)?

NAME	Luffy (Loo-fy)
COLOR	light orange tabby
SEX, AGE	Male, 11
LAST SEEN	Sunday, November 8
WHERE	3735 Spear Avenue, Arcata

Luffy (pronounced as Loo-fee) has been missing since Saturday 11/7/2026, in Arcata in the Spear Ave neighborhood. He is a domestic short hair, blonde/orange tabby, about 11 years old, extremely friendly, he is microchipped. He is an indoor/outdoor cat, he usually comes home at night, and rarely pulls all-nighters, so we are worried. He looks very common, but he has a couple distinctions, he's a little tubby (~12.6lbs), a small white patch on fur on his chest, a dime-sized bald spot on the back of his neck, and a snaggle tooth as he has had an upper K9 extracted. He likes to wonder into our neighbor's houses sometimes, so we assume he could possibly be stuck in a garage or shed, but who knows. He is an amazing mouser. He is on Nexgard Combo for flea/tick prevention. He takes 100mg Gabapentin twice per day for seizures. He is very loved and cared for, we really miss our boy and pray for his safe return.
