HUMBOLDT Paws Cause

# LOST DOG

## Have you seen Blackie?

| | |
|---|---|
| **NAME** | Blackie |
| **COLOR** | white |
| **SEX, AGE** | Male, 3 |
| **LAST SEEN** | Wednesday, November 18 |
| **WHERE** | Willow Creek |

No collar, intact male, all white, no other markings except for some lil black specks around his eyes. all black nose. Big bushy mane and bushy tail. No cream or grey markings at all, like some Pyrs have. Wandered from our farm 9/18/26, off Forest service route 6, way up above Friday Ridge (west of Burnt Ranch, north of Hyampom, on the Humboldt County side). Concerned maybe hes made his way to another farm. If seen, please get a picture and text 707-601-8925. We are absolutely heartbroken since is dissappearance. There are a lot of Pyrenees in the area, and I've seen some reports of some, but none have turned out to be our boy. He answers to Blackie because of his black nose. His actual name is Apollo.
